**Gabe's Construction is pleased to introduce ourselves  
to you!**

Gabe's Construction is a privately held corporation that has been in continuous operation since 1942. We have been involved with the underground electric industry from the early 1960's. Our management team has installed thousands of feet of electric cable and conduit systems via open trenching or directional drilling. We have a proven track record of safely completed projects throughout the United States.
